

SSEF Swiss Gemmological Institute:

London round trip

Your partner

Malca-Amit is your worldwide partner for your valuables and all global logistic matters. We tailor to your needs and provide you with fast and reliable means of transport.

What are your advantages?

Swiss Quality: Certification of your most valuable items at the world renown SSEF.

Time: Your gems are back in your hands within a short time, 10 days

Insurance: We propose to you interesting rates for your shipments under full liability

Customs: We take care professionally of all customs issues.

Cost: You profit from a significant reduction in your shipping costs. Sending a higher number of items per package will reduce the costs per item further.

How does it work?

You contact the Malca-Amit office in your country and mention that you need a round trip service for certification / expertise of your gems to the SSEF in Basel.

You define your rate for freight and liability in & out, to & from SSEF Basel

Malca Amit provides you followed services for SSEF round trip requirement:
